

# LIGHT SWITCH

DIGITAL ANODISED ALUMINUM LIGHT SWITCHES  
WITH INTEGRATED DIMMERS

It includes two independent buttons  
with the DC dimming functionality for 12V LEDs.

## TECHNICAL SPECIFICATIONS

Operating	Light Switch
Voltage range	0 - 16 VDC
Outputs	2
Maximum load (Amps per Output)	5A
PWM - Pulse Width Modulation (Default)	12V, 400Hz
Power Consumption - double switch - no load	
2x Light switch	5mA to 20mA
Installation and Dimension	
Dimensions (width x height x depth)	60mm x 60mm x 42mm
